TOTAL MAJOR REQUIREMENTS: 20 UNITS

NOTES:

1. This program is designed to provide students with foundational knowledge in biological principles and concepts. This two year associate degree program is intended for transfer students majoring in the biological sciences. The Biological Sciences and Life Sciences Program at Fresno City College provides entry level instruction in the following: fulfillment of prerequisites for entry into allied health fields, fulfillment of prerequisites for students transferring into biological sciences and fulfillment of general education requirements for transfer to four-year institutions.

2. Some of the above courses may have prerequisites. See the catalog or schedule of classes.

3. The Associate Degree requires completion of the major (20 units) with a “C” or better in each course plus the completion of the General Associate Degree requirements – basic competencies, physical education/Dance, and lifetime physical and mental wellness – and General Education requirements for a total of 60 semester units minimum with a 2.0 or better GPA.

The material in this publication has been prepared as carefully as possible. Fresno City College does not assume responsibility for inaccuracies or changes in the information contained herein.
