An Associate in Arts in Psychology for Transfer degree is designed for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. To earn the Associate in Arts in Psychology for Transfer degree, students must complete 60 required semester units of CSU-transferable coursework, including either the CSU-GE Breadth or IGETC requirements and 19-20 semester units within the major. Students must maintain a minimum GPA of 2.0, including grades of C or higher in each course to fulfill the major. Local graduation requirements (computer familiarity, lifetime physical and mental wellness, and 2 units PE/Dance classes) are NOT required for the transfer degree. Students should consult with a FCC Transfer Center counselor when planning to complete the degree for additional information on university admission and transfer requirements.

1. GENERAL EDUCATION
   Select either the California State University General Education Breadth (CSU GE Breadth) pattern OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

   These documents are available online. Go to: www.fresnocitycollege.edu/counseling and select “Transfer Requirements”.

NOTES:

1. Psychology is a useful major for students with a variety of interests and career goals due to its emphasis on critical thinking, the scientific method of inquiry, and the interactive role that biological, psychological, developmental, and sociocultural factors play in affecting human behavior and mental processes. The associate and the bachelor’s in Psychology do not train a person to work as a professional psychologist.

2. Some of the above courses may have prerequisites; see the catalog or schedule of courses.

3. The Associate Degree requires the completion of the major (19-20 units) with a “C” or better grade in each course plus the completion of the General Associate Degree requirements (either CSU GE breadth or IGETC) for a total of 60 semester units with a 2.0 or better GPA.
