COMMON COURSE *Numbering*

CHANGES EFFECTIVE FALL 2025

As a result of AB 1111, California Community Colleges are in Phase 1 of adopting a common course numbering system for all general education and transfer pathway courses. The purpose of the CCN system is to ensure that comparable courses across all community colleges have the same prefix, course number and course title. The goal is to streamline the transfer process from California Community Colleges to four-year postsecondary educational institutions and reduce excess credit accumulation.

The chart below provides a list of courses that will be offered throughout the SCCCD with a comparison of the current course prefix and number and the new course prefix and number based on the CCN system beginning fall 2025. If you have any questions, please contact your counselor at the college you are attending or plan to attend.

Registering FOR CLASSES

Self-Service is the system students use to register for classes. One benefit for students within the State Center Community College District (SCCCD) is the ability to enroll at multiple campuses in the district (FCC, CCC, RCC, MCC) although courses may count differently towards degrees at each college. Students receive their registration dates via their college email before the registration period begins.

1
⇨ Log into **My Portal**.
⇨ Open the **Self-Service** app.
⇨ Click on **Search for Classes/Add to Schedule** on the main or side menu.

2
⇨ Select a **Campus Location**.
⇨ Select a **Term**.
⇨ Select a course **Subject** and **Course Number** from you SEP.
⇨ Click **Search**.

3
⇨ Check the **Section Status** to see if the class is closed, open, or waitlisted.
⇨ Under **Section Name**, click on the class link for full information such as lab times, then click **Add**.
⇨ The status will have a yellow **Scheduled** bar when it has been added to your schedule. Repeat until all of your classes are added to your schedule. You are now ready to register for your class.

4
⇨ Click on **Register for Classes/View My Schedule** on the left-side **Academics** drop down menu.
⇨ Use the arrow buttons to select the right term.
⇨ Click the **Register** button below each class.
⇨ Check that the class turns green on the **Schedule**. If the class is yellow, you are not registered or may need to press the **Waitlist** button. If the class is red, it conflicts with another class.
⇨ Classes that have no meeting time are listed at the bottom of the **Schedule**.

WAITLISTS and *Classes*

What do I do if I am on the waitlist for a class?

- Check your college email **daily** for a **Permission to Register** email. Once permission is granted, you will have four calendar days to enroll in the class. If you have not enrolled before permission expires, you will be removed from the waitlist.

- If you are on the waitlist when the class starts, you will have priority to add the class following the steps below.

How do I add a class after it begins?

- If you would like to add a class after it starts, you will need **Add Authorization** from the instructor.

- On the first day of class, either attend the class or email the instructor if the class is online. Make sure to include your **student ID number**!

- If there is availability, the instructor will authorize you to add the class. As long as you are eligible for the course, you will now have the ability to register by adding the section to your **Self-Service Schedule** and then clicking the **Register** button.

Helpful Tip	If you need help registering, visit our tutorial pages or watch our short videos at **www.fresnocitycollege.edu/registration** or scan the code above.

Campus COMMUNICATION

- It's important to communicate with your instructors, counselors, coaches, and supervisors, especially if you need help or have questions.

- Some instructors have office hours where you can ask questions and get to know your instructor better.

Helpful Tip

When emailing, make sure to always use your student email and include your name, student ID number, and the class name and section number (ENGL-1A-12345). Use appropriate language, respectful greetings, and proofread before sending.

Some instructors prefer to communicate via Canvas. Check your syllabus to see which method you should use.
