Online Orientation

New Student Orientation

After completion of the admissions application, all new students are required to complete the "New Student Orientation." The orientation will help you become familiar with college life, understand what is expected from you as a student, and learn about college programs and services that will help you succeed in college.

The orientation will take approximately 30 to 45 minutes to complete. We encourage you to carefully review each section of the orientation as it will provide you with valuable information to help you succeed in college.

Please note:

- The Online Orientation will be available for RTG students beginning **December 1st at 7:00 a.m.** . You will receive information at a later time on how to access the online orientation. **Please note, if you complete the existing online orientation prior to December 1st at 7:00 a.m., you will not receive credit for the orientation.**
- If you currently have an orientation hold, completing the orientation will clear your orientation hold within 2 business days, Monday - Friday.

To access the online orientation please click the link below:
