Notes:

1. Fresno City College is located in an area that is rich in the history and contemporary cultures of American Indians. California has the highest American-Indian population in the United States; and has several indigenous communities in our immediate area. American Indian Studies exists to serve Indian and non- Indian students who will be working in any service field, academic or social institution. The program leading to the Associate in Arts Degree will also provide a foundation in American Indian Studies for students wishing to pursue a higher degree in the subject at a four-year college or university. In recent years, several graduate programs have begun in American- Indian Studies at universities in California and elsewhere.
2. See a counselor for specific information about major, minors, and transfer programs to a four-year college or university.
3. Some of the above courses may have prerequisites. See the catalog or schedule of classes.
4. The Associate Degree requires completion of the major (21 units) with a “C” or better grade in each course plus the completion of the General Associate Degree requirements – basic competencies, physical education/Dance, and lifetime physical and mental wellness– and General Education requirements for a total of **60 semester units minimum** with a 2.0 or better GPA.
