A grade of “C” or better is required in the following courses:

APPLICATION COURSE PREREQUISITES	C-ID	Units	Completed	In Progress	Planned
* BIOL 20-Human Anatomy AND BIOL 22-Human Physiology OR *BIOL 21A-Human Anatomy & Physiology I AND BIOL 21B- Human Anatomy & Physiology II		4-5			
HIT 10, Medical Terminology		3			

Notes:

A Radiologic Technologist is involved in taking x-rays of the body but may be involved in body imaging utilizing other highly specialized modalities. About three out of every five jobs are in hospitals with the remainder in physicians' offices, clinics, and diagnostic imaging centers. The program is accredited by the Joint Review Committee on Education in Radiological Technology (JRCERT).

THE FOLLOWING REQUIREMENTS MUST BE COMPLETED BEFORE SUBMITTING A PROGRAM APPLICATION (ACADEMIC SUMMARY FORM):

There are no restrictions as to age, marital status, race, or sex.

1. Graduated from high school with a minimum GPA of C (2.0), or completed the General Educational Development (GED) test with an average standard score of 45.
2. Have completed all application course prerequisites below, with a “C” or better grade.
3. Have a minimum cumulative college grade point average (GPA) of **2.75** or higher.

For application dates and program updates please check with the Allied Health, Physical Education & Athletics Office & FCC website at

<http://www.fresnocitycollege.edu/academics/divisions/apa-division/radiologic-technology/radiologic-technology-apply.html>

General Education Requirements

In addition to all courses required for the Radiologic Technology major and licensure, students must also complete the following general education courses to obtain an “AS” in Radiologic Technology:

1. ENGL-1A Reading & Composition
2. COMM 1, 2, 4, 8 or 25
3. MATH-103 Intermediate Algebra or higher
4. One (1) Course in Lifetime Wellness Area (Refer to the Fresno City College General Education pattern)
5. **Two (2)** Physical Education activity courses
6. POLSCI-2 or equivalent (California State Local Government)
7. Social & Behavioral Sciences B2 Area-3 units (Refer to the Fresno City College General Education pattern)
8. Humanities Elective-3 units (Refer to the Fresno City College General Education pattern)

Effective Spring 2018 new application requirements will be BIOL 20 & 22 or 21A & 21B, HIT-10, and a cumulative GPA of 2.75 will be required to apply to the Radiologic Technology Program. AT-11 & BIOL 24 will no longer be accepted to meet the application requirements. All prerequisites must be completed to apply.

1. FCC currently uses a computerized lottery selection process for admission into the Radiologic Technology Program. The lottery process is used in response to more eligible applicants than enrollment space. All Program Application (ASF) requirements, program requirements, selection criteria, application dates are subject to change. Changes can be found on the FCC website. It is the student's responsibility to stay current with these criteria and requirements. **Applicants will enter the lottery pool based on the current application requirements within the application period in which the student is applying for, not on the catalog of initial or subsequent FCC registration.**

It is the applicant's responsibility to turn in all necessary documents, all college transcripts, and the Program Application (ASF) as a packet to the Allied Health, Physical Education, & Athletics Division Office by the deadline posted at

<http://www.fresnocitycollege.edu/academics/divisions/apa-division/radiologic-technology/radiologic-technology-apply.html>

2. Successful completion of the program requires applicants to be in good physical and mental health.
3. **All students who are accepted into an Allied Health program will be required to complete a background check and drug screening. A negative result may result in disqualification.**

State and/or national licensing boards protect the public by screening applicants for licensure in order to identify potentially unsafe practitioners. Applications may be denied to persons convicted of certain crimes that may relate to professional practice. In addition, Persons impaired by alcoholism, drug abuse and/or emotional illness are expected to voluntarily seek diagnosis and treatment for any suspected illness. *Students with concerns in these areas should discuss them with the appropriate licensing body before entering FCC health programs.* The Allied Health, Physical Education, & Athletics office can assist with the addresses and phone numbers of appropriate licensing offices.

4. Academic and Professional Requirements can be found in the current Radiologic Technology Student Handbook.
5. Classes and related activities are conducted on the FCC campus and at off campus clinical training sites affiliated with the program. **Students must provide their own transportation. It must be noted that in addition to local clinical facilities, the program has clinical facilities located in Hanford, Tulare, Visalia, Selma, Reedley, and Valley Children's Hospital in Madera.**
7. State and National License: The successful completion of the RT Program requires the completion of the Associate in Science degree. Graduates are then eligible to take the state fluoroscopy licensing examination and the American Registry of Radiologic Technologists Examination.

8. Estimated expenses during the 22-month Radiologic Technology Program:

California State Resident registration/health fees for classes	See current FCC schedule of classes
Admission physical exam, immunizations, and diagnostic tests	\$ 450
Uniforms and accessories	150
Books and school supplies	1,200
State and A.R.R.T. Fees	400
Background Check	98

Estimated Total Expenses: \$2,298 (FCC registration and health fees are **NOT** included)

9. The long-term employment picture is very favorable for the graduates with good recommendations. For graduates who are willing to move the opportunities for higher wages and benefits are even greater.
10. For more information, attend or view an Allied Health and Nursing Information Session (for updated orientation schedule call 559-244-2604) and schedule an appointment to speak with an Allied Health Counselor.
