Notes:

1. This program is designed to inform students of the historical and contemporary issues affecting women's lives. Women's Studies offers a broad interdisciplinary approach to the study of women in society including their contrasting roles circumscribed by their culture and social institutions, their opportunities for self-expression, achievement and self-actualization, their relationships with parents, peers, intimates and children, and their concern for survival in a violent-prone society. Because Women's Studies is interdisciplinary, it also provides an academic background helpful to those planning careers in law, business, education, and medicine.
2. See a counselor for specific information about major, minors and transfer programs to a four-year college or university.
3. Some of the above courses may have prerequisites. See the catalog or schedule of classes.
4. The Associate Degree requires completion of the major (20 units) with a "C" or better grade in each course plus the completion of the General Associate Degree requirements – basic competencies, physical education/Dance, and lifetime physical and mental wellness – and General Education for a total of **60 semester units minimum** with a 2.0 or better GPA.
