Notes:

1. Fresno City College is located in an area that is rich in the history and contemporary cultures of American Indians. California has the highest American-Indian population in the United States; and has several indigenous communities in our immediate area. American Indian Studies exists to serve Indian and non- Indian students who will be working in any service field, academic or social institution. The program leading to the Associate in Arts Degree will also provide a foundation in American Indian Studies for students wishing to pursue a higher degree in the subject at a four-year college or university. In recent years, several graduate programs have begun in American- Indian Studies at universities in California and elsewhere.
2. See a counselor for specific information about major, minors, and transfer programs to a four-year college or university.
