**Notes:**

1. The Associate in Arts in Mathematics for Transfer degree is designed to prepare students for further study in mathematics or in the sciences at the university level. It is also intended to provide students with a solid mathematics background in preparation for graduate level study or research in most majors.
2. Some of the above courses may have prerequisites. See the catalog or schedule of classes.
3. The *Associate Degree* requires completion of the major (20-21 units) with a "C" or better grade in each course plus the completion of the General Education requirements (either CSU GE breadth or IGETC) for a total of **60 semester units** with a 2.0 or better GPA.
4. Some courses may not have an associated C-ID, please see catalog or counselor for more information.
